

Fashion and Textiles Intermediate Apprenticeship Saddlery Pathway

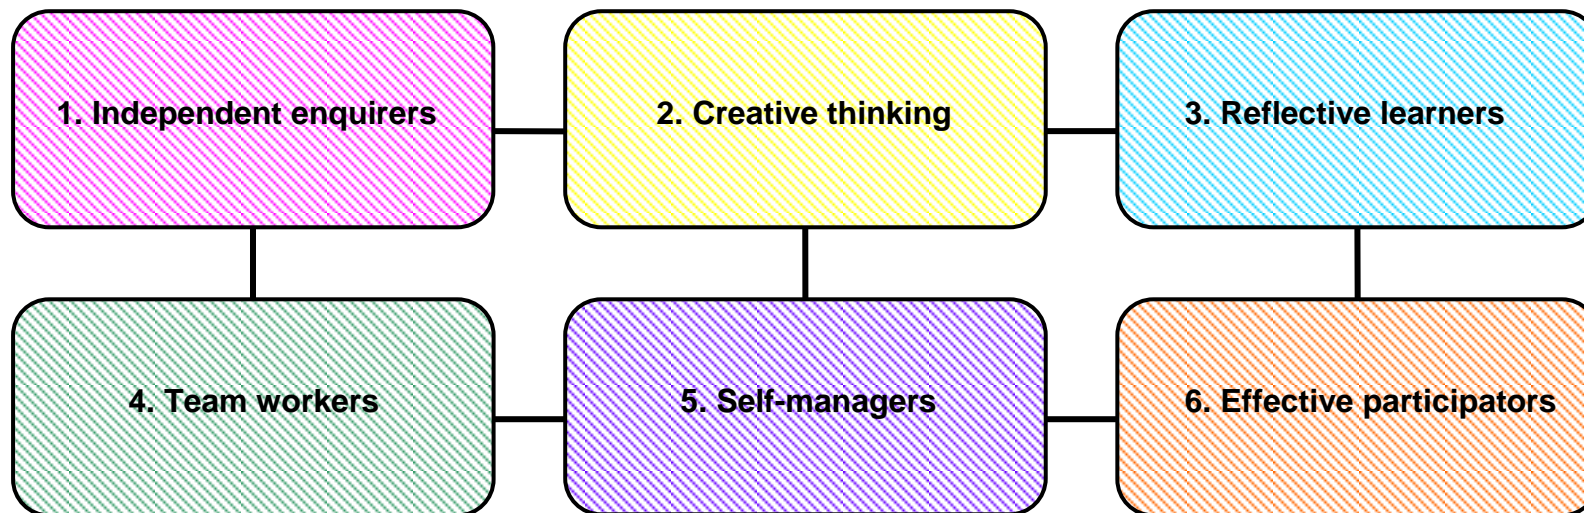

Personal Learning and Thinking Skills - Signposting and Assessment Checklist

INTRODUCTION

Personal, learning and thinking skills (PLTS) are necessary for work and for general learning. Learners will have opportunities to develop, apply and assess all the personal, learning and thinking skills within their chosen Apprenticeship framework.

The framework comprises six groups of skills that, together with the Transferable Skills of English and Mathematics, are essential to success in learning and the learner's chosen discipline. It is these skills that will enable young people to enter work and adult life as confident and capable individuals.

The titles of the six groups of skills are set out below:

For each group of skills, a focus statement sums up the range of skills required. This is accompanied by a set of outcome statements that are indicative of the skills, behaviours and personal qualities associated with each group.

Each group is distinctive, coherent and all groups are also interconnected. Young people are likely to encounter skills from several groups in any one learning experience. For example, independent enquirers set goals for their research with clear success criteria (reflective learners), organising and managing their time and resources effectively to achieve these goals (self-manager).

In order to acquire and develop fundamental concepts such as organising oneself, managing change, taking responsibility and persevering, learners will need to apply skills from all six groups in a wide range of learning contexts.

1. Independent enquirers

Focus:

2. COVERAGE & MAPPING

The majority of personal, learning and thinking skills are required to be covered and assessed during the delivery and assessment of the Mandatory Units contained within the **Saddlery Pathway of the Fashion and Textiles Intermediate Apprenticeship**. PLTS may be delivered by instruction or practical experience as appropriate for the learner.

N.B. PLTS opportunities can be assessed in both the Competence qualification and/or the Knowledge qualification as appropriate to aid flexibility of delivery, assessment and achievement.

If opportunities arise to assess PLTS in units that are not sign posted above, this is acceptable and can be recorded as evidence.

3. ASSESSMENT

The 'PLTS Performance Indicator' can be used by assessors to formally assess and record the achievement of PLTS that have been demonstrated throughout the qualification/s and referenced within portfolios. Time has been allocated in the overall framework Guided Learning Hours to allow for both ongoing dialogue between assessor/tutor and learner to review progress towards achievement and the final formative assessment of PLTS.

Awarding Organisations will not be recognising or quality assuring the achievement of PLTS within their qualifications but providers claiming Apprenticeship certification for learners will be required, by the certifying authority, to provide a record of successful demonstration of these skills.
